

Associate Professional, Environmental Consultant

DHI is a global leader in solving the toughest water, climate and biodiversity related challenges. We seek a confident, outgoing, organized, and self-motivated sustainability professional to help drive our environmental and sustainability business forward in our Singapore office.

Key Responsibilities

- Undertake supervised technical work for terrestrial and coastal and marine environmental study and monitoring and management projects, including data entry, processing, and numerical modelling
- Assist with and contribute to the preparation of technical reports and presentations
- Provide support for other project tasks, administrative duties, and assist with client communication, or as directed by the reporting/line manager

Education and Experience

- B.Sc. / B.Eng. from an accredited institution in Environmental Engineering or similar
- 1-2 years' working experience in environmental consultancy (fresh graduates are encouraged to apply)
- Experience with impact assessments and environmental management of terrestrial/ coastal / marine construction activities

Knowledge and Skills

- Understanding of coastal and marine physico-chemical and ecological processes
- Understanding of hydrodynamic modelling and impact assessments.
- Working knowledge of MS Office suite, including Outlook, Word, Excel, PowerPoint, Project and Access as well as other statistical tools and numerical modelling software
- Attention to detail with good verbal, analytical and writing skills, professional presentation and communication competencies
- Ability to work well in a team and independently, follow instructions, under pressure and demanding deadlines in a fast-paced and dynamic environment with multiple projects and various stakeholders
- Good cooperative interpersonal skills, working with a wide range of colleagues of diverse backgrounds and nationalities
- Self-motivated, creative, energetic, willing to learn new skills, and a keen interest in research
- Ability to work flexibly in response to project needs and deliverables that may occasionally include weekends and public holidays.

What we offer

- A role where your work and results will get great exposure and focus – both inside the company and externally
- Be part of the fast-changing organization and transformation of business into digital products and services
- A social and fun international working environment with innovative and dedicated colleagues
- An attractive and informal work environment – working independently, within a local team setup in Singapore and interacting with a larger organization globally

Office Location

- You will be located in our office in Singapore.

How to apply

- If you are keen to join our team, please visit the Career section on our website at www.dhigroup.com to upload your CV.
- Deadline for the job application is **31st January 2025**
